READ AND BE WISE

IF, in the course of human events, it becomes necessary to use Stories and Dialogues in bringing the advertisement of goods to the notice of the public, and being determined not to be left lingering behind in the march of time, I will step into the ranks to tell my numerous customers and the public in general, that I am not crushed out yet by the tremendous size and extraordinary cheapness of the stocks of Clothing that is brought to this town and sold for the "small amount" of so and so many dollars per piece, with a profit of the "small sum," or "small amount" of fifty to sixty per cent, on them, but I am still on hand, full sized as ever, (only a little more so), and try to keep on hand a full assorted Stock of ALL, KINDS OF KOCH'S CORNER.

True, we have no Hoop Skirts or Razors, Bed Spreads nor Lamp Chimneys; neither have we mock Jewelry nor Hair Dresses, Toy Drums nor Small Combs; but what we do have we will sell you at its value, not at the "small sum of a trifle above first cost," for that is not true and would not agree with the heading of this article; but we will charge you a living profit.

Since, by selling Goods we make our living, and by selling in reality without humbug, at a "trifle above cost," no man can live, unless he vealls that "trifle" 30 or 60 per cent.

D. G. NEWTON.

Cary's Indian Vegetable Tooth-Ache Remedy, will cure in one minute without dan ger. For sale at the BOOK STORE.

THE peculiar taint or infection which we call Schottla lurks multitudes of men. It either produces or is produced by an enfeebled, vitiated state of the blood, wherein that fluid becomes in competent to sustain the vital forces in their vigorous action, and leaves the system to fall into disorder and

decay. The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unlicalthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the intentities of the fathers upon their visit the iniquities of the fathers upon their children." The diseases it originates take children." The diseases it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indibowels, derangements which produce indi-gestion, dyspepsia, and liver complaints; on the skin, cruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigora-tion of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease. Aver's Sarganarilla.

The scrofulous contamination is va-

Ayer's Sarsaparilla is compounded from the most effectual antiis compounded from the most effectual anti-dotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far supe-rior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: King'a Evil. or Glandular Swellings, Tumors. Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of Aven's offer to the public under the name of AYER'S SARSAPARILLA, although it is composed of ingredients, some of which exceed the best of Sarseparilla in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous fleath will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers functions, and thus expels the distempers which lurk within the system or burst out on any part of it.

We know the public have been deceived

by many compounds of Sarraparilla, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abandant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has Although under the same name, it is a very now in store. This is known to be the very best Leather in market.
